MANDARIN ORANGES IN LIGHT SYRUP

Continuing Guaranty and Hold Harmless Agreement

Del Monte Foods, Inc. hereby guarantees and warrants that each and every article of food or other product sold by Del Monte shall be:

- Not adulterated or misbranded within the meaning of the Federal Food, Drug and Cosmetic Act of June 25, 1938 (the "Federal Act"), as amended, the Federal Fair Packaging and Labeling Act, the regulations issued thereunder, or within the meaning of any state food and drug law, the adulteration and misbranding provisions of which are identical with or substantially the same as those found in the Federal Act, and that such goods will not be produced or shipped in violation of Section 404 or 301(d) of said Federal Act.
- Merchantable quality, fit for the ordinary purposes for which such food products are normally used and wholesome and fit for human consumption.

Del Monte agrees to indemnify, defend and hold Buyer harmless from all actions, suits, claims and proceedings resulting from or arising out of breach of the foregoing warranties.

Notwithstanding the foregoing, where goods are manufactured and shipped by Del Monte according to and under labels provided by Buyer, Del Monte's responsibility for misbranding shall be limited to that resulting from the failure of the product to conform to the product specifications furnished by Buyer. Under no circumstances shall Del Monte be liable for incidental or consequential damages, including but not limited to lost profits.

This Guaranty revokes and supersedes any warranty or guarantee previously given by Del Monte. It is effective as of the date of this specification and shall continue to be effective until it is revoked by Del Monte.

Ingredients:

Mandarin Oranges, Water, Sugar, Citric Acid

Product Description:

Mandarin Oranges are packed from properly selected and prepared mature fruit segments of Satsuma variety.

Product Specifications:

Net Weight	106oz
Color	Deep, bright, typical mandarin orange color. No early season fruit.
Texture	Firm and fleshy, not dry, tough or fibrous
Flavor & Odor	Typical of mandarin oranges, free from any objectionable flavor and odor
Size & Style	Medium/Large Segments. Segments must be reasonably uniform in size.
Soluble Solids	14.5-15.5° Brix
Acidity	3.3 – 3.6 pH
Defects	10% maximum broken or damaged segments. No peel allowed. One (1) seed allowed in 100 oz.
Country of Origin	China

Microbiological Specifications:

Commercially sterile. Product shall conform to good manufacturing practices and to applicable industry standards.

Packaging Information:

The product is canned in conventional cans which are then packed in corrugated boxes. Each container to be conspicuously marked with contents, net weight, manufacturer's name and address, and identifying date code.

Shelf Life:

Expected shelf life of 33 months when stored at ambient temperature

Allergen:

None

Del Monte Foods, Inc.

Customer Product Specification

Brite Item Code	22266		
Item Description	Fruit Cocktail in Pear Juice Concentrate 603 x 700 105 oz.		
Issue Date	April 21, 2014	Issue F	History: Issue D 5/04/12 Issue E 11/14/12 Issue F 4/21/14
Approved	K. Challoner		page 1 of 4

Full Description: Fruit Cocktail is a blend of peaches, pears, grapes, pineapple, and cherries packed in pear juice from concentrate. The product is packed in hermetically sealed containers and sufficiently processed by heat to assure preservation.

Quality Characteristics:

Style	Peaches – diced into uniform dices. Pears – diced into uniform dices. Whole Green Grapes Pineapple – segments Cherries – cut into approximate uniform halves.
Quality	Must meet USDA Grade B. Must comply with US Standards for grades of Fruit Cocktail, with modifications noted within these specifications.
Color	Must be of reasonably good color. Each fruit ingredient possesses a reasonably uniform typical color that is reasonably bright and characteristic of at least fairly well-matured fruit that has been properly prepared and processed. Any of the fruit ingredients may be more than slightly affected by pink staining but not to the extent that the appearance is materially affected by this cause or may be slightly dull in color but none of the fruit ingredients are off color for reasons other than staining or dullness within these limits.
Size	Units shall be reasonably uniform in size meaning that not more than 20 percent by weight of the peach units or of the pear units may fail to conform to the dimensions for diced units. Not more than 20 percent by weight of the pineapple units if in sectors may fail to conform to the dimensions for sectors of pineapple. The largest whole grape does not weigh more than 4 times the weight of the smallest whole grape, and that the longest dimension of the cut surface of the largest intact cherry half does not exceed the longest dimension on the cut surface of the smallest intact cherry half by more than 50 percent.
Character	Units must possess reasonably good character. Each fruit ingredient may range from a firm to soft texture without serious disintegration.
Defects	Units must be reasonably free of blemishes, pits, or pit fragments, peel, loose cap stems, and crushed or broken units.
Media	Reasonably bright in color without any tinge of pink color or dullness of color and may contain the fine fruit particles which do not materially affect the appearance of the product.

Full Description: Diced Peaches in Pear Juice from Concentrate are peaches that have been peeled and pitted; then cut into dices and packed in pear juice concentrate and water. The product is packed in hermetically sealed containers and sufficiently processed by heat to assure preservation.

Quality Characteristics:

Style	Diced – cut into uniform cubes 9/16" x 9/16" x 5/8".
Quality	Must meet USDA Grade B. Must comply with US Standards for grades of Canned Peaches, with modifications noted within these specifications.
Color	Units shall possess reasonably good color ranging from orange-yellow to light orangish-yellow. Shall be reasonably free from slight greenish cast or slight browning of units.
Size	Units shall be reasonably uniform in size. Not more than 15 percent, by weight, of the drained peaches may be units that are more than 3/4 inch in their greatest edge dimension or are of such size as to pass through a 5/16 inch square opening.
Character	Must possess a texture typical of typical mature, ripened, and prepared peaches. With not more than 5% by weight of the drained peaches being excessively frayed or mushy or crushed.
Defects	Must be reasonably free from blemishes and peel. Shall be practically free of pits, pieces of pits, or pit fragments. Not more than 6% of weight of drained peaches may consist of units that are blemished.

Full Description: Diced Pears in Pear Juice Concentrate are prepared from pears that have been peeled, with cores and stems removed, and cut into approximate cubes packed in pear juice from concentrate. The product is packed in hermetically sealed containers and sufficiently processed by heat to assure preservation.

Quality Characteristics:

Style	Diced – Peeled pears, with cores and stems removed, cut into approximate cubes.
Quality	Must meet USDA Grade B. Must comply with USDA Standards for grades of Canned Pears, with modifications noted within these specifications.
Color	Units must possess a reasonably good color that is light yellow-white or light beige-white or light greenish-white. May be light tan or possess a very slight tint of pink.
Size	Units may vary in symmetry and not more than 15 percent, by weight, of the units may be of such size as to pass through 5/16” square openings.
Character	Units shall be reasonably tender, may be slightly firm but not mushy. Units may possess a texture of moderate graininess but not marked graininess.
Defects	Units must be reasonably free from defects that materially affect the appearance or edibility of the product.
